

VIEWMASTER STORM WINDOWS

Double Hung with Full Screen

Model 1327 3 Track DH

Perfect for three season screen enclosures

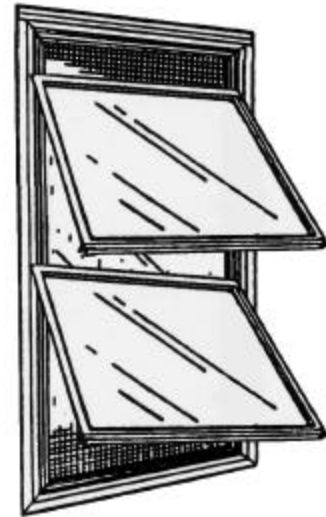

Features

- Triple track design - full exterior screen in the outer track.
- Upper sash will operate independently from the lower sash
- Sash and screen that are easily removed for a screen porch in the summer.

QUALITY CONSTRUCTION - LONG SERVICE LIFE

- Zinc die cast sash retaining handles for strength.
- Continuous meeting rail interlock eliminates sash rattle and minimizes air infiltration.
- Nominal .050" thick walls of 6063-T5 extruded aluminum for durability.
- Fully weatherstripped frame.
- Heavy duty extruded 6063 T5 aluminum frame (.050" nominal wall thickness).
- Charcoal grey aluminum screen wire compliments a durable aluminum screen frame.

Now available in a full range of eleven popular colors :
White and Mill Finish
Almond - Bronze - Aztec Clay - Forest Green - Black - Cranberry - Chestnut Brown - Earthbrown - Storm Grey - Savannah Wicker

Popular Options:

Low E Glass: clear glass with a thin metallic coating that reflects heat, and reduces harmful UV light. Low E glass doubles the insulating benefit of the storm window.

Sash reinforcement pins: are additional nylon clips located at the perimeter of the sash that prevent the sash from bowing away from the frame under wind load.

Finned weatherstrip: laser welded, polypropylene fin for reduced air infiltration.

Deluxe: Low E glass, sash reinforcement pins, finned weatherstrip and frame tie bar

Made in Detroit since 1937
