

Kaufmann Window & Door

Custom Coating For Vinyl Windows

exclusively available with:

High performance, heat reflective PVC Coatings

Choose an exterior color to compliment the décor of your home

A well tested and field proven PVC window coating system that is heat resistant and holds up to the elements.

It is designed specifically for application to PVC assuring long lasting satisfaction.

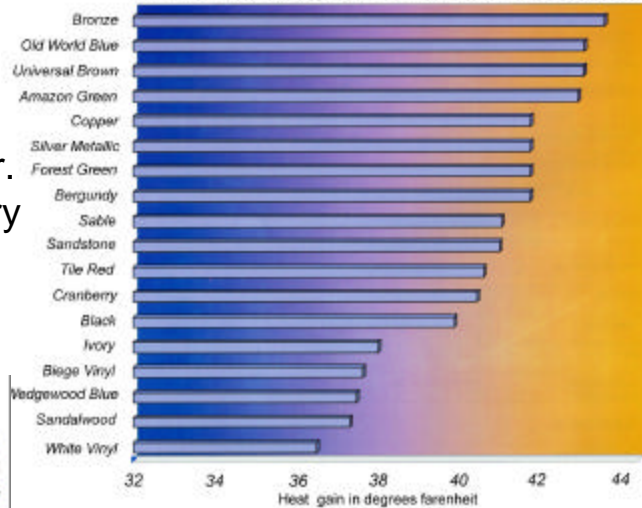

Developed by Royal Technologies, North America's largest PVC extruder. Kaufmann Window & Door is a factory approved applicator.

Color is guaranteed for 10 years against measurable fading.

Custom color matching is available.

Royal Spectra-Coat waterborne technology has minimal heat absorption with maximum heat reflection

Stock colors include:

ALMOND, BLACK, CHESTNUT BROWN, BRONZE, AZTEC CLAY, EARTHBROWN, CRANBERRY RED, FOREST GREEN, STORM GRAY, SAVANNAH WICKER and WHITE

Almond	Savannah Wicker	Aztec Clay	Earthbrown	Chestnut Brown
Cranberry Red	Forest Green	Bronze	Storm Gray	Black

The colors in this brochure may vary due to effects of heat, light, printing techniques and aging from the actual coating.
